Digital Literacy

Awareness

Digital Literacy

- Definition: The ability to find, evaluate, and create information online.
- Critical Thinking: Spotting "fake news" and credible sources.
- Creation: Using digital tools to communicate ideas effectively.

1

Essential Student Tools

- Organization: Notion or Trello for project tracking.
- Research: Zotero for automated citations.
- Writing: Grammarly for error-free essays.

2

Safe Internet Practices

- 2FA: Enable Two-Factor Authentication on all accounts.
- Anti-Phishing: Never click suspicious links in "urgent" emails.
- Privacy: Audit your social media settings regularly.

3

Professional Online Presence

- LinkedIn: Keep your profile updated with your latest skills.
- Audit Yourself: Search your name and remove unprofessional content.
- Digital Footprint: Remember that what you post today stays forever.

4

Email Etiquette

- Subject Lines: Keep them clear.
- Greetings: Use "Dear Professor," not "Hey."
- Conciseness: Get to the point in 3 sentences or less.
